## **COSTc Inc.:- PROFILE**

### **THE GENESIS**

***Today. The age of the Internet. Where technology changes by the nanosecond. Where IT skills are a must-have survival tool***

**COSTc Inc.** a premier Solution Company is in the business of E-Learning solutions, Corporate Training, selling, developing, and implementing software and related business solutions. The Company is committed to transforming challenges to opportunities. COSTc Inc is one of the fastest growing companies in its field. Its rise has been fueled by various partnerships with world leaders in technology like Microsoft, Oracle, Novell, Veritas, Computer Associates, Trend-Micro, Symantec, IBM, HP, Intelsys, NSE.IT et al. Our alliance with leading technology companies represents a tremendous opportunity for our customers and business partners. COSTc Inc aims to be market leader within next three years in India.

COSTc Inc has gained enormous experience over the last three years by offering a wide range of business services and solutions to over 100 customers, including several large MNC's and Indian Corporate. The cumulative experience that the organization has gained has helped us develop deep understanding of businesses and close relationships with our clients. We seek to leverage our hands-on business and technology experience and expertise to offer management E-Learning Management solutions to clients.

#### ***COSTc Inc. builds upon its strengths***

- **Carry high-end, high-quality corporate training to a larger audience,**
- **Utilize in-house expertise to provide a one stop window for the Total IT Solutions,**
- **Implement and manage E-Learning solutions and contents development**
- **Implement and manage solutions for networks & N. security.**
- **Implement and manage data recovery and disaster management services .**
- **Provide other value-added services, such as deployment and customization of software, and development of applications to enhance office productivity.**

## **COSTc Inc.:- PROFILE**

### **ACTIVITIES**

#### **Product and Service Offerings by COSTc Inc**

Our Primary Technology Service offerings include:

Corporate Training and E-Learning Management Solutions

IT infrastructure Management services including desktops, network, help desk, messaging, server mail and database management, Packaged Software Solution and Software development, Security services that foster trust and privacy even as they protect customer assets. Storage and Disaster Management solutions

We are associated with **NSE.IT/Intelsys Technologies** as value added partner and Distributor and with **Microsoft Corporation as *Gold Certified Partners***, and Business Tools Partners and also as **Enterprise Gold Solution provider for Symantec Inc.** As such we have strong technical and commercial expertise on the entire range of products. Besides Microsoft products, we are also partners to **Stone-soft Inc, Iron-port, IBM, EMC, Trend Micro, and Novel** as well as products from **Adobe, Oracle, NAI(McAfee) and Macromedia.**

Being essentially a services oriented company, rather than a pure trading company, our strengths lie in the great amount of value-addition we provide to our customers, in the form of high-quality implementation, training, customization and support.

Our strong logistics and funds management processes ensure that orders are executed efficiently and in a professional manner, and client deadlines are routinely met. Our experts can simulate customized capacity, performance and security tests to diagnose problem areas before they can surface in a live environment. We recommend the software and hardware requirements your system would need to support predicted activity levels. As you tune your system to handle higher stress levels, we test those changes to ensure they function properly.

The group has tremendous recognition with the various vendors of IT products. This recognition has translated into various awards received by the Group. ***COSTc Inc. has been nominated as the best Microsoft Best Regional Partner (North) for the year 2004 and 2007 and best channel Software Solution provider by India's only IT Business weekly Express Computer in April 2007***
